

Location Finder

Stay up-to-date with the Location Finder

The Location Finder is a web-based platform to search, verify and update location data provided by retailers on a regular basis. Suppliers will have all the information they need to deliver their goods to the correct address, including branches and warehouses.

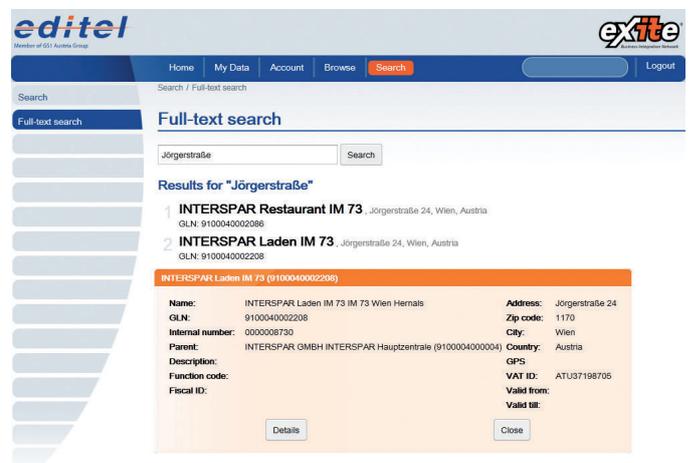

Your benefits

- › Correct and up-to-date location data*
 - › GLN (Global Location Number)
 - › Location name
 - › Postal address
 - › Internal ID number
 - › Type of location (e.g. branch, warehouse, etc.)
 - › And many more!
- › Automated updates – provided by retailers
- › Access 24/7, including directly via eXite®
- › Download as EXCEL file
- › Active e-mail notifications

* The providing retailers own the data and are responsible for providing accurate content for the Location Finder.

Location data is available from the following retailers:

- › ADEG
- › dm – drogeriemarkt
- › METRO
- › MPreis
- › REWE International
- › SPAR Österreich
- › Transgourmet Österreich

The system is available 24/7 and provides functionalities such as verification of unknown GLNs, quick searches for missing delivery data as well as searches for postal addresses, contact information, internal ID numbers, to name just a few.

You have the option of receiving e-mail notifications about any changes or of choosing the setting in the system to show ONLY location data that has been modified. Whichever option, data accuracy is guaranteed at all times thanks to our close collaboration with retailers and continuous automated updates.

Log on to find what you need!

Access is available directly via your eXite® account to the online services at <https://www.exite.at> by clicking on "Location Finder". You can also reach the Location Finder via the web portal <https://locations.exite.net>.

Please contact us. We will be happy to provide you with personalized access data.
